The background of the slide features a wide-angle aerial photograph of a major city, likely New York City, during the day. The city is densely packed with skyscrapers of various heights, including several prominent towers. A large, calm body of water, possibly a bay or river, stretches across the middle ground, reflecting the light. The overall color palette is dominated by warm, golden-yellow tones.

MY EDUCATION

SARJANA TEKNIK (equivalent to Bachelor of Science)
Majoring in Electrical Engineering

MAGISTER TEKNIK (equivalent to Master of Science)
Majoring in Electrical Engineering

Institut Teknologi
Bandung (ITB),
Indonesia

2004 - 2008
2014 - 2016

PERSONAL HONOR & AWARD

1st Winner of Check Point 3 High Trust Society (HTS) DIROP Jawa Bali PT PLN (Persero) September 2012

Master Degrees Scholarship Award PT PLN (Persero) April 2014

Big 10 Sparklight Startup Competition PT PLN (Persero) December 2019

Best Video Creator at Lomba Video & Foto Energy Academy Indonesia April 2020
Hari Bumi

50 Paper Contributor "Business Innovative Total Solution" I'M BLAST PLN Group PT PLN (Persero) July 2020

PROFESSIONAL EXPERIENCE

Assistant Engineer of Distribution System Operation Control
Assistant Engineer of Distribution System Planning
Unit Manager

Assistant Manager of Distribution System Operation and Maintenance
Master Degree Scholarship Awardee

Assistant Engineer of System Planning

Engineer of Transmission and Distribution Asset Management
Manager of Distribution Operation and Maintenance

2009 - 2010
2010 - 2011
2011 - 2013
2013 - 2014
2014 - 2016
2016 - 2017
2017 - 2021
2021 - present

INTERNATIONAL PUBLICATION

Signal Separation and Identification of Partial Discharge in XLPE Insulation under DC Voltage - May 16, 2017 at 2017 1st IEEE International Conference on Electrical Materials and Power Equipment (ICEMPE 2017)

The Impact of Electricity Supply on Economic Growth in Papua and West Papua Provinces, Indonesia - July 26, 2017 at The Indonesian Scholars International Convention – 9th OISAA International Symposium (ISIC-SI) 2017

Statistical Analysis for Internal and Surface Discharges Identification in XLPE Insulation under AC Voltages - October 3, 2017 at 2017 International Conference on High Voltage Engineering and Power System (ICHVEPS 2017)

Smart Grid Initiatives in South East Asian Countries: What Are Being Done in The Early Stage - October 23, 2019 at Conference on Technology and Policy in Energy and Electric Power (ICT-PEP 2019)

Studi

Past and Present Interests

2004-2008

- Studi S1 di ITB dengan tugas akhir terkait *power quality problem* khususnya harmonica

2014-2015

- Studi di ITB dengan tema *Asset Management* pada Departemen Teknik Elektro

2015-2016

- Riset di *Universita di Bologna* (UNIBO), Italia dengan topik Partial Discharge pada Kabel DC
- Studi dipilih dikarenakan adanya program interkoneksi Sumatra Jawa menggunakan sistem HVDC

PLN

Topik yang digeluti saat ini

- Smart Grid Technology including AMI, SCADA, DAS, etc
- Smart Grid Implementation Assessment
- New Technology Implementation and Development (such as UAV + Image Processing, GIS, etc)
- Power Quality Problem Measurement, Analysis, Evaluation, and Mitigation

Tanggung Jawab di PLN

Tugas dan Tanggung Jawab sebagai Manager Pengendalian Operasi dan Pemeliharaan Distribusi Regional Sulmapana

Define, Deploy, Monitor, and Evaluate

- Strategies regarding operation and maintenance of distribution network
- Workforce Optimization
- Outage Management
- Health Index Asset Management
- Force Majeure Mitigation
- New technology implementation
- HSSE management
- Communication and distribution protection

Goal

- Distribution Reliability
- Power Quality
- Less Technical Customer Complaint
- Fast Customer Complaint Handling
- Zero Accident

Coverage Area

NO	URAIAN	JUNI 2022
1	Luas Wilayah Kerja (KM ²)	751.945,49
2	Jumlah Unit (ULP)	208
3	Jumlah Gardu Induk (70-150 kV)	141
4	Jumlah pelanggan	9.855.946 plg
5	Jumlah Penyalang	1.786
6	Panjang JTM (KMs)	75.187,50
7	Panjang JTR (KMs)	75.503,98
8	Gardu Distribusi (buah)	67.059
9	Gardu Distribusi (kVA)	6.208.581

Bisnis yang Dijalani

Work outside work

Ganteng Bos! Barbershop

Work VS Business

Berdasarkan pengalaman pribadi

PLN

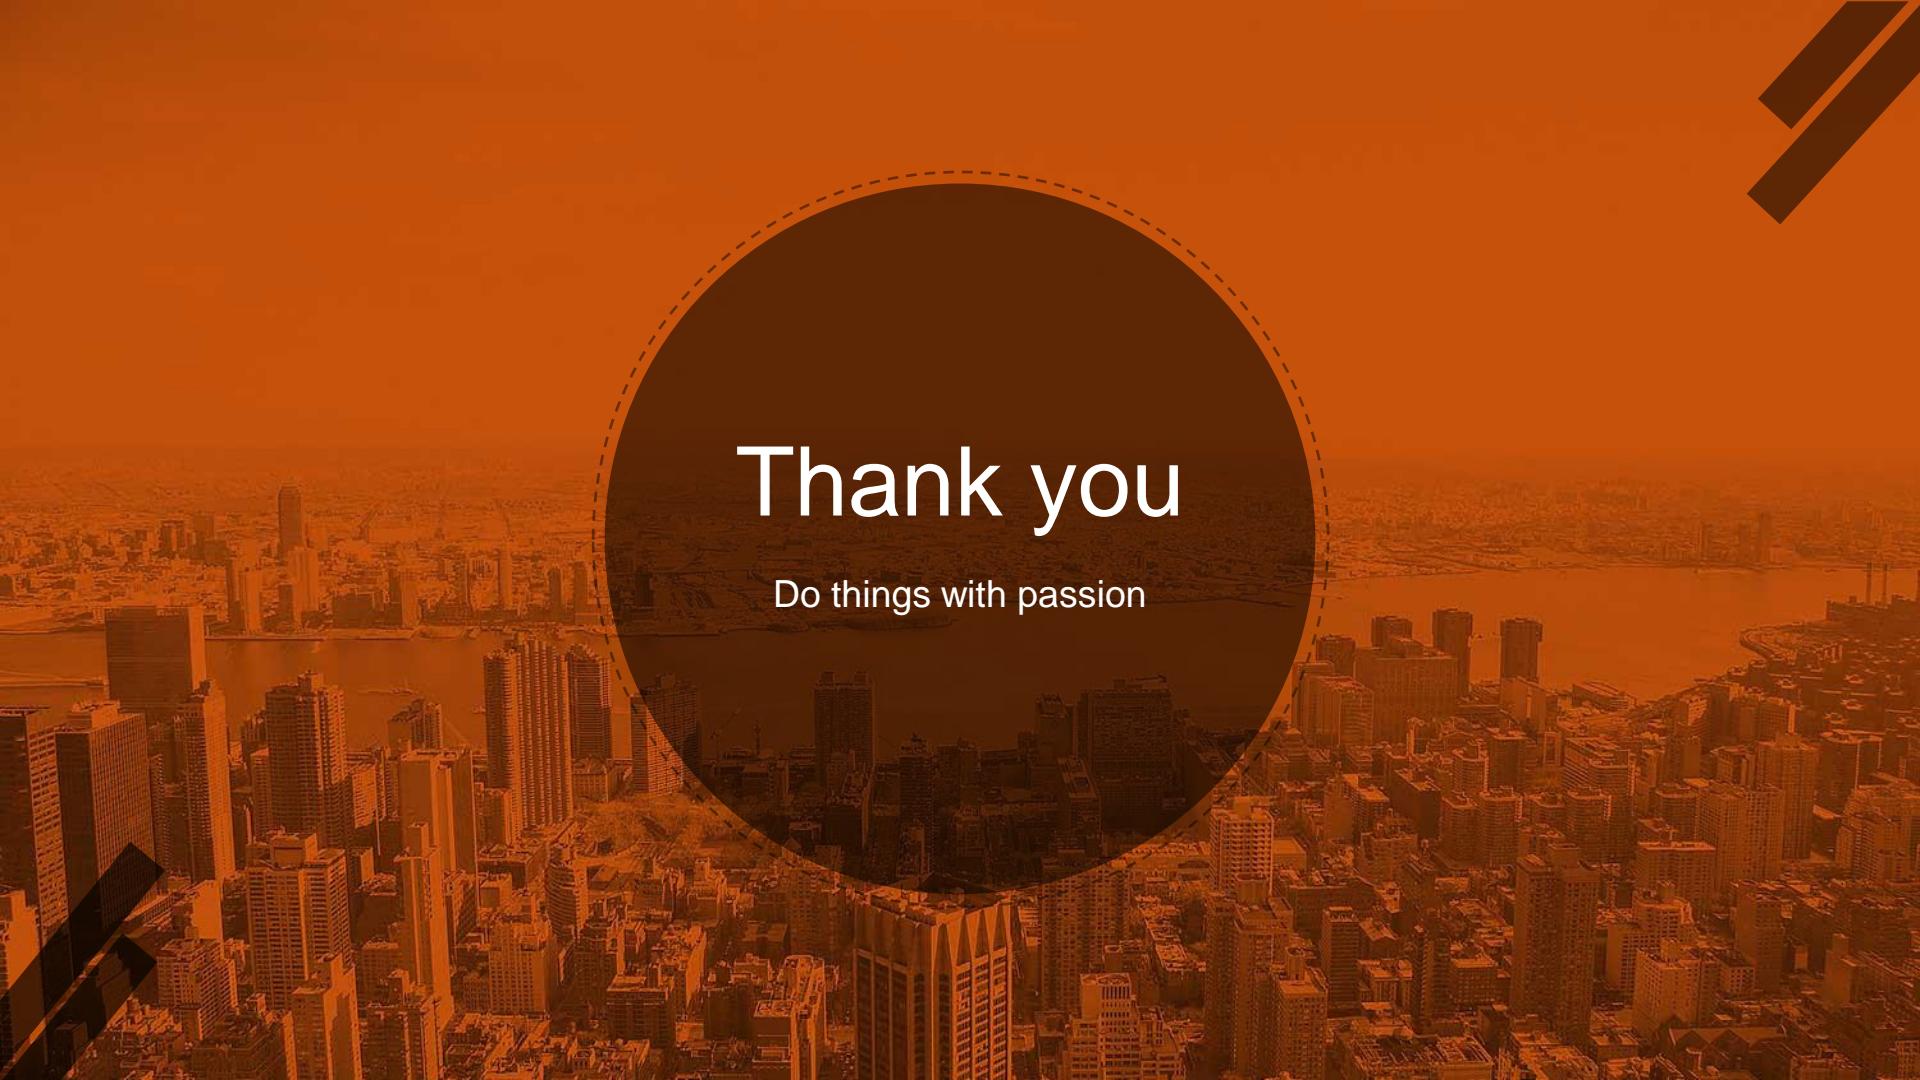

- Fixed income
- Low volatility
- High security
- Innovation is advised
- What you have to do is controlled
- The target is set
- Set of activities exist

- Variable income
- High volatility
- Low security
- Innovation is a necessity
- You control what you do
- You set the target
- You define the activities

Now, it depends on what you want to gain (control and income) and the risks behind

Thank you

Do things with passion
